

# AIAM Annual Workshop 2017 “RISKY BUSINESS”

## Training Update

Sharleen Jordan B.Sc. Dip.Ed. Dip. L.G. ASL2

# Accredited vs Non-accredited Training

What is the difference?

Accredited training usually comes from a National Training Package and can only be delivered by an RTO approved to run the course. There are rules and guidelines about how these courses can be delivered and assessed

Non-accredited training does not comply with any rules and can be delivered by anyone, RTO or not

**Latest training.gov.au news**

**UPDATE: Training.gov.au will be unavailable on 7 October 2017**

Due to unforeseen circumstances the planned maintenance for Training.gov.au Saturday 23<sup>rd</sup> September 2017, has been rescheduled to Saturday 7<sup>th</sup> October 2017. Training.gov.au will be temporarily unavailable for approximately eight hours, from 9 am, on Saturday 7 October 2017. We apologise for any inconvenience.

**Updated trainer and assessor credential requirements**

The Training and Education Training Package was updated in April 2016. The core units of the Certificate IV in Training and Assessment were updated to include the "Design and develop assessment tools" and "Address adult language, literacy and numeracy (LLN) skills" units of competency. The core units of the Assessor Skill Set were updated to include the "Design and develop assessment tools" unit of competency.

To ensure the VET workforce has appropriate skills in designing and developing assessment tools and identifying and evaluating LLN requirements, Skills Ministers agreed to update the training and assessment credential requirements in line with the changes to the TAE Training Package. The changes are outlined in the Standards for Registered Training Organisations (RTOs) 2015.

Skills Ministers agreed that trainers and assessors who do not hold the relevant units will have until 1 April 2019 to meet the new credential requirements. Trainers and assessors may use this training to contribute towards meeting professional development requirements outlined in the Standards for RTOs 2015.

Further information is available on the Australian Government Department of Education and Training's website at <https://www.education.gov.au/trainer-and-assessor-credential-requirements>

**New Deleted status in training.gov.au**

Following feedback from users and an [agreement](#) from State and Territory Ministers, a new "Deleted" status has been introduced in training.gov.au (TGA). The implementation of the status occurred in two phases.

The first phase marked legacy training packages and components (including Enterprise training packages) as Deleted. This was completed in late November.

The second phase saw the Deleted status expanded to all relevant training packages and their components. Any training packages or components that were marked as superseded with no

The screenshot displays the training.gov.au website interface. At the top, the logo for training.gov.au is shown, along with the text "A JOINT INITIATIVE OF THE AUSTRALIAN AND STATE AND TERRITORY GOVERNMENTS". To the right is the Australian Government crest. Below the header is a navigation bar with links: Home, Search, Reports, Links, Site map, Sign in, and a help icon. The main content area is titled "Nationally recognised training search". Under the heading "Search criteria", there is a search input field labeled "Title or code:" containing the text "acm40110". A large yellow arrow points to this input field. Below the input field are two checkboxes: "Include superseded data" and "Include deleted data", both of which are checked. Further down, under the heading "\* Type:", there is a list of search criteria with checkboxes: "All", "Training packages", "Qualifications", "Accredited courses", "Accredited course units/modules", "Units of competency", "Unit contextualisations", and "Skill sets". All of these checkboxes are also checked. At the bottom of the search criteria section are two buttons: "Show advanced search" and "Search". Below the search criteria section is a link "Back to top". The footer contains links for "About training.gov.au", "Privacy policy", "Copyright", "Terms of use", "FAQs and Contact us", and "News". On the right side of the footer, it says "[Site version 3.9.2.3]".

- Main Content Area:**
  - ## Standards for Registered Training Organisations (RTOs) 2015

On 26 September 2014, the Council of Australian Governments (COAG) Industry and Skills Council agreed to new regulatory standards for training providers and regulators—the [Standards for Registered Training Organisations \(RTOs\) 2015](#). These replaced the [Standards for NVR RTOs 2012](#).

ASQA uses the Standards to ensure nationally consistent, high-quality training and assessment across Australia's vocational education and training (VET) system. Compliance with the Standards is a requirement for:

    - all ASQA registered training organisations, and
    - for applicants seeking registration.

ASQA uses the Standards to protect the interests of all students in Australia's VET system. The Standards guide nationally consistent, high-quality training and assessment services in the vocational education and training system.

    - [More on understanding the Standards for Registered Training Organisations 2015](#)

### Where can RTOs find information to help them understand the Standards?

ASQA has developed information and guidance on the standards for RTOs and other stakeholders in the sector.

    - a Users' Guide to the *Standards for Registered Training Organisations (RTOs) 2015*
      - Open the [online version of this guide](#)

# Standards for RTOs 2015

Standard 3.5 The RTO accepts and provides credit to learners for units of competency and/or modules (unless licensing or regulatory requirements prevent this) where these are evidenced by:

- a) AQF certification documentation issued by **any other** RTO or AQF authorised issuing organisation; or
- b) authenticated VET transcripts issued by the Registrar.

# Training Packages
